control/)

The Neo4j Operations Manual v3.1

Copyright © 2017 Neo Technology

License: Creative Commons 3.0 (<https://neo4j.com/docs/license/>)

This is the operations manual for Neo4j version 3.1, authored by the Neo4j Team.

The manual covers the following areas:

- 
- () Er
- Chapter 1, *Introduction* (introduction/) — Introduction of Neo4j Community and
 - Chapter 2, *Installation* (installation/) — Instructions on how to install Neo4j in different deployment contexts.
 - Chapter 3, *Configuration* (configuration/) — Instructions on how to configure certain parts of the product.
 - Chapter 4, *Clustering* (clustering/) — Introduction to the clustering solutions available within Neo4j, followed by deployment details.
 - Chapter 5, *Upgrade* (upgrade/) — Instructions on upgrading Neo4j.
 - Chapter 6, *Backup* (backup/) — Instructions on setting up Neo4j backups.
 - Chapter 7, *Security* (security/) — Instructions on user management, role-based access control, and server security.
 - Chapter 8, *Monitoring* (monitoring/) — Instructions on setting up Neo4j monitoring.
 - Chapter 9, *Performance* (performance/) — Instructions on how to go about performance tuning for Neo4j.
 - Chapter 10, *Tools* (tools/) — Description of Neo4j tools.
 - Appendix A, *Reference* (reference/) — Listings of all Neo4j configuration parameters.
 - Appendix B, *Tutorial* (tutorial/) — Step-by-step instructions on various scenarios for setting up Neo4j.

Who should read this?

This manual is written for:

- the engineer performing the Neo4j production deployment.
- the operations engineer supporting and maintaining the Neo4j production database.
- the enterprise architect investigating database options.
- the infrastructure architect planning the Neo4j production deployment.
