In this article

[Download previous versions of JDBC Drivers for SQL Server](#)

[Unsupported Drivers](#)

[Download JDBC Driver](#)

Download previous versions of JDBC Drivers for SQL Server

- [Microsoft JDBC Driver 4.2 for SQL Server](#)
- [Microsoft JDBC Driver 4.1 for SQL Server](#)
- [Microsoft JDBC Driver 4.0 for SQL Server](#)

Unsupported Drivers

Unsupported driver versions are not available for download here. We are continually improving our Java connectivity support. As such we highly recommend you work with the latest version of our JDBC driver.
